SIPTalkTM

The best internet phone service at the best price

\$9⁹⁵

Call anywhere
in US & Canada
1st Month FREE

GlobalTouch Telecom's SIPTalkTM service is a revolutionary new way to make phone calls. It transforms your high-speed Internet connection into an amazingly low priced telephone service. You receive a SIPTalk telephone adapter that converts your voice into packets of data that can be sent over the Internet. SIPTalk provides you with

all of the features you expect from traditional phone service plus many new ones. The greatest thing is that you get all of these features for much less than you pay your local phone company.

SIPTalk works exactly like the telephone service you have in your home today. Just pick up the phone, dial any number in the world and SIPTalk connects you to the person you are calling.

CallBlast - Never Miss a Call!

CallBlast - the revolutionary feature offered only by SIPTalk allows you to direct incoming calls to your home, your office, your mobile - up to 5 devices in whatever order you set or all at once to ensure you never miss an important call.

SIPTalk to SIPTalk

Enjoy unlimited calling between SIPTalk customers. Make and receive phone calls anywhere in the US or the world when both parties are SIPTalk customers. Get SIPTalk for your friends, family and business partners today.

SIPTalk Travels with You

With SIPTalk, you are not tied to a particular location. You can travel anywhere in the world and make and receive calls. All you need is your SIPTalk ATA or softphone and a high-speed Internet connection.

Pick Your Own Number

SIPTalk lets you choose your own phone number from area codes in the US, Canada and the United Kingdom. This lets your family and friends in another town or country call you at local rates.

Toll-Free Numbers

GlobalTouch Telecom offers toll-free numbers for your SIPTalk service. Toll-free numbers allow the caller to call you at no charge from anywhere in the United States or Canada.

Great International Rates

You get great quality with some of the lowest rates on the planet. Visit www.siptalk.com to check the latest international rates.

Virtual Numbers

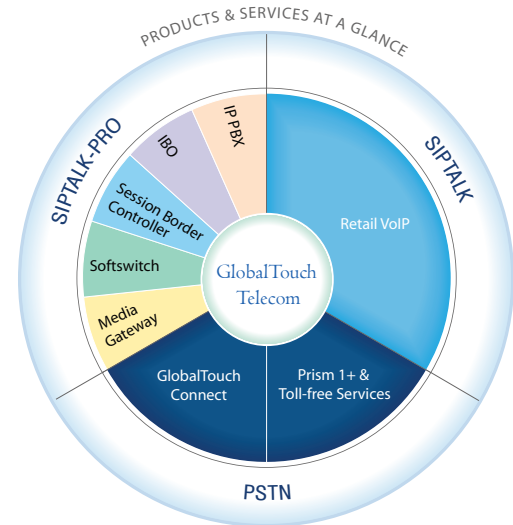

A virtual SIPTalk number is an additional telephone number(s) that will ring on your SIPTalk line. Virtual numbers provide a way for people outside of your local calling area to call you as a local call to them. GlobalTouch Telecom offers virtual numbers throughout the United States, Canada, and the United Kingdom.

Convenient Online Account Management

SIPTalk provides you with online account management. You can access all of your account settings and features and make real-time changes 24 hours a day, 7 days a week, 365 days a year.
