

When convenience really matters

ReadyConference GlobalMeeting is a premium service that offers automated flexibility with international dial in numbers. For business people communicating across the world this is a convenient service that allows you to reduce costs and offers the flexibility you need.

Discover the Benefits of ReadyConference GlobalMeeting

- ❑ **Local dial in numbers** in most major countries in the world for participants to join the call.
- ❑ **Free phone Access** from many major countries, so the moderator is billed for the price of the call, not the participant.
- ❑ **Convenient & Flexible.** Hold a Conference at any time, 24 hours a day, 7 days a week, without a reservation.
- ❑ **Easy to Use.** Simple moderator features via star keys, a help menu, and live support available when you require it.
- ❑ **Customer Service Support.** A Premiere operator is always available by dialing(*0) during calls.
- ❑ **Cost Effective.** Pay only for the minutes you use. There are no set up fees, cancellation fees or monthly charges. Plus, direct dialing without operator assistance keeps costs low.
- ❑ **Personalised.** Each individual receives a dedicated dial-in number and passcode to use whenever they need to communicate.
- ❑ **Secure.** Moderator controls can be used to increase the security of your conference and you can change your moderator passcode at anytime to ensure secure conference lines.

Why ReadyConference GlobalMeeting

ReadyConference GlobalMeeting has been developed by Premiere in response to customer feedback, and is designed specifically for multinational companies with participants world wide.

Benefits

- ❑ Providing a communication tool for multinational companies.
- ❑ Serving business travellers, a service that can support and accompany Executives worldwide.
- ❑ Giving all participants one passcode, across countries.
- ❑ Reducing international call charges, by using local access numbers.
- ❑ Allowing central billing and cost tracking.
- ❑ Encouraging internal communication and productivity
